PJS Safety Trainings

We recently finalized our annual safety training for all project managers, area managers and supervisors. Safety training has become an increasingly important part of every supervisor's job. We feel workers need training to be able to handle their jobs correctly,

PJS News - Parking Lot Services

It is said that you never get a second chance to make a first impression. Helping our clients make a great first impression is paramount to PJS as we have been working with property managers and owners to create clean environments for their employees and guests since 1986. We have now expanded our services to include a parking lot division.

Miguel with Special Services getting ready to do a run

The first impressions of a property begins when a person first enters the grounds and ends when they leave. Well maintained parking areas and drives are important to patron impression and safety.

To learn more about how PJS can help you with your comprehensive lot maintenance program consisting of routine parking lot sweeping, pressure washing and parking lot striping contact Dave Weissinger at: dweissinger@pjs.com

efficiently and safely. Thank you to all in attendance and all those that worked hard to make these safety sessions a great success!

The PJS Difference - Janitorial Closets

PJS has been providing exceptional cleaning services for 29 years. We are well-known for our high-quality work in cleaning offices, commercial buildings, schools, churches and industrial spaces. Over the years we have developed a system that sets us apart from the rest. We call that the PJS difference. In one aspect that we differ from our competitors is our organized closets. We recently conducted a companywide revision of all our janitorial closets insuring all our janitorial closets were in OSHA compliance.

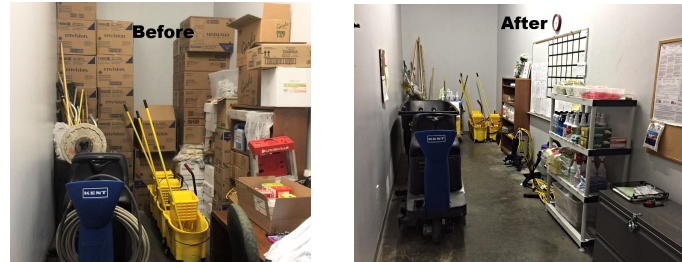

Customer Compliments/ Recognitions

Our PJS customers value hard work and dedication. Many of them are eager to let us know when they are impressed with a particular employee who is doing an outstanding job. When a customer takes the time to draft an email or make a phone call to compliment a PJS employee, we couldn't be prouder! PJS employees take pride in a job well done. This praise and recognition deserves to be rewarded. Every employee who receives a customer compliment is treated to lunch or dinner with the rest of his crew. They also receive an American Express gift card.

At PJS, we have put in place the 5S system to keep our janitor closets in an organized way. The 5S system is a workplace organization method to organize work space effectively and efficiently. It is primarily used in manufacturing, but it is expanding into other industries. The 5S System are **S**ort, **S**traighten, **S**hine, **S**tandardize and **S**ustain. These are characteristics of a well organized janitorial closet.

Here are some before and after pictures of a recent janitorial closet we took over from a competitor.

Why does this matter? While traditional programs are focused on cleaning for appearance, the PJS program reduces health risks through effective hygienic cleaning, creating a cleaner and healthier environment. This starts at the janitorial closet.

Please contact Angel Ramos, Safety and Operations Manager, for any janitorial closet questions or concerns at: aramos@pjs.com

PJS Community - Back To School Event

At PJS, we are proud that our employees and their families were able to take advantage of all the school supplies given away this year. We were excited to see many of the PJS employees with their families at the Back To School Event. It was a wonderful day and many of our employees expressed their sincere thanks.

If you feel a PJS employee has gone above or beyond their duties, we would love to hear from you.

Daniela with her family

We hope everyone had a restful summer vacation and are now ready for an exceptional school year!

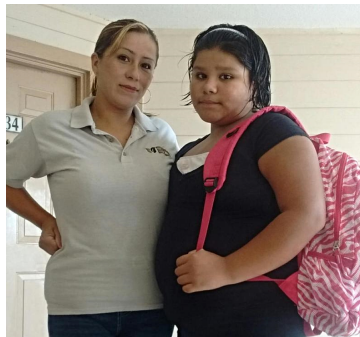

Daniela, a PJS day maid, stated how she did not have to buy back packs or school supplies for her three daughters, "It was a great help and I am very grateful for that".

Cristina is a PJS supervisor mentioned how she loves that PJS does this for its employees, "It is a good benefit for us and our families".

Another PJS employees, Ms. Angeles, a full time cleaner, said, "I have worked for other janitorial companies but this is the first company I have seen that has done anything like this for their workers. I cannot thank them enough!"
